ENTRY LEVEL

Introduction to HVAC

Course #400-18-2

August 21, 23, 28 & 30, 2018

Two time slots!

7:00 to 11:00 a.m.
or
12:00 to 4:00 p.m.

Sponsored by

Mechanical Contractors Association
WESTERN WASHINGTON

INTRODUCTION TO HVAC

Description

This entry-level course will introduce you to HVAC equipment and will cover areas such as equipment identification and functions of equipment.

Benefits

Students will:

- » Learn to identify HVAC equipment
- » Learn about the functions of components
- » Understand how the equipment components integrate into larger systems
- » Have a practical hands-on session to be able to see the equipment discussed, including working units and cutaways

Who Should Attend

This program will benefit all entry-level positions including: project engineers, project support personnel, project administrators and service sales people.

Schedule & Tuition

subject to change

Class	Date	Time	OR	Location
